Randall Huamani

Senior Front-End & Drupal Developer

https://www.linkedin.com/in/randall-huamani-bendezu-69043019/

I'm a web developer with more than 12 years of experience with Drupal, in charge of site building, coding custom modules and themes, multilingual support and performance optimization. I have more than 6 years of experience working with Wordpress, implementing e-commerce, multilingual support, coding plugins and themes and also providing SEO and other optimizations to my projects. I also have 15 years of experience in Front-End development, coding rich UIs while keeping the kilobytes down and the semantics UP!

Experience

Maybe your company here 😉
